MEASURING BAY WINDOWS Identify the type of bay window you have, take the measurements as indicated of the actual wall. We will work out the angles and lengths required allowing for bracket standoff etc. (alternatively write in the actual angles on the appropriate diagram if you know them) All poles are supplied in 2 parts, joining with a bracket in the middle of the centre window, all poles are supplied oversize to be cut down on site.			
SQUARE 2 BEND BAY 		LENGTHS REQUIRED Dimensions in mm <input type="text"/> or ins <input type="text"/> (Please tick)
